# Liberation Psychology

"There will be free and healthy minds in our country to the extent that we enjoy a free, dynamic, and just social body....The challenge is to construct a new person in a new society." Ignacio Martín-Baró

"Love is at the same time the foundation of dialogue and dialogue itself."  
Paulo Freire

"The people, in consequence, is an opening --an opening against all closure, flexibility against everything fixed, elasticity against all rigidity, a readiness to act against all stagnation. The people is hunger for change, affirmation of what is new; life in hope." Ignacio Martín-Baró
